

Thank you, Mister/Madam Toastmaster, Fellow Toastmasters, and welcome Guests!

Table Topics enables a member to develop the skills of impromptu speaking. Just like numbers come together to solve equations, Table Topics helps us piece together our thoughts quickly and creatively. Think of each table topic speech as your personal formula—a mini-speech with an opening, a body, and a conclusion.

This session also provides a speaking opportunity for any member who is not on duty in the agenda. Members, as well as guests, are encouraged to participate. Odd number evaluator will be TM Dulaj and the even number evaluator will be TM Vibuda.

Each speaker is required to speak for between 1 to 2 minutes. Just as every second counts in life, timing is critical here! A contestant will be disqualified if the speech is less than one minute or more than two minutes and 30 seconds.

Lastly, I encourage each speaker to use the Word of the Day in your speech. Just as everything adds up to create meaning, Word of the Day will add extra value to your responses. Today's Word is _____.

Let's dive into some topics and see how math, patterns, and numbers influence us. Let's see how you add your unique spin to these ideas!
